The SHELLEY
Sweet Peas,
Snapdragons
and . .
Vegetable Seeds.

Season 1919.

TERMS.

STRICTLY CASH WITH ORDER In case of new customers, no seeds or plants will be sent till the amount due has come to hand.

Orders for Sweet Peas over 2/6, for Plants over 5/-, and for Vegetable Seeds over 10/- will be sent Carriage Paid. Wherever weight permits, orders will be executed by Post and the amount necessary for postage (Letterpost minimum 1½d., Parcel Post, 6d.) must be enclosed with orders below the seeds named above.

Foreign and Colonial Orders must have Postage prepaid.

Inquiries for Catalogues cannot be posted in an envelope for ½d.

In the case of orders for Sweet Pea Plants received after March 1st, I cannot guarantee that the varieties asked for will be sent, and in this case the nearest in colour and value will be forwarded, if the Stock of any such variety is exhausted.

The Shelley Sweet Peas and Snapdragons

I have, in again offering the following selection of Choice Sweet Peas and Antirrhinums for 1919, much pleasure in calling the attention of my customers to the fact that I am this season including in my Catalogue a very

Select List of

VEGETABLE SEEDS,

Having often been asked to supply these, I am doing so this year, in view of the importance of producing all the food possible in this country, even to the extent of substituting the culture of Vegetables for that of Flowers, and I trust that those who have hitherto purchased their Sweet Peas and Antirrhinums Seed from me will find in the accompanying Catalogue such Vegetables as will suit their needs and their tastes.

Sweet Pea Plants

Will be distributed as usual from about the middle of April, slightly earlier or later, according as the Spring is mild or cold.

These Plants are all Spring Sown only.

The Shelley Sweet Peas.

The Shelley Antirrhinums.

CULTURE.—Sow thinly in good open compost in gentle heat in February and March, prick out as soon as large enough to handle and harden off ready for planting in their permanent quarters in May

Plant out nine inches apart at least.

Sowings may also be made in a warm dry situation on good open soil out of doors in August and early September which, if transplanted in Spring, will give earlier flowers than those made in February and March.

Antirrhinum Majus.

	Height 3 feet.	Per packet.

The Shelley

VEGETABLE SEEDS.

The following will be found a comprehensive list of the choicest and most popular Vegetable Seeds, suitable for large and small gardens or allotments, which can be strongly recommended both for exhibition and culinary purposes.

PRICES are quoted for quarts, pints and ounces, but seeds can be supplied in half pints and half and quarter ounces at proportionate prices, i.e. half the pint and ounce rates for half-pints and half-ounces, and a quarter the ounce rate for quarter ounces.

ORDERS above 10/- in value will be forwarded carriage paid to all parts of the United Kingdom. Whenever possible, goods will be sent by parcel post.

Select Vegetable Seeds.
